

HEALTH, SAFETY & WELLBEING POLICY

Last updated: January 2026

Purpose and scope

We are committed to maintaining a safe, healthy and supportive environment for all pupils, staff and visitors.

This policy outlines how we manage risk, promote wellbeing and respond to accidents or incidents.

Responsibilities

Health and safety is a shared responsibility. Staff, pupils and families are expected to act in ways that protect themselves and others.

Risk management

We carry out risk assessments for venues, classes and events, and take reasonable steps to minimise hazards.

Accidents and incidents

All accidents, injuries and near-misses are recorded and reviewed so that improvements can be made and risks reduced.

Wellbeing

We recognise the importance of physical, emotional and mental wellbeing and strive to support healthy development in all dancers.
